

# CARE Community Classroom Webinar Series

## WEBINAR SERIES

**Join the CARE (Childhood Adversity Resilience Education) Community Classroom!** Presented by the Louisiana Childhood Adversity Resilience Education Network, **this monthly webinar series explores trauma-informed care, childhood adversity, and practical resilience-building strategies.**

The Louisiana Department of Health, Office of Public Health, Bureau of Family Health Louisiana Childhood Adversity Resilience Education (LA CARE) Network trains volunteers – professionals and community members alike – to become certified educators on four core trauma-informed modules. Certified volunteer educators deliver these presentations at no cost to their communities at a variety of local organizations.

**From January to October 2026, you have the opportunity to watch virtual presentations live every second Tuesday of the month at noon.**

Each webinar will introduce the foundations of trauma-informed practice and show how to apply these insights in your daily life – whether at home, at work, or in your community! The CARE Community Classroom series will give a well-rounded understanding of how to foster resilience and support healing in children who have experienced adversity or trauma.
